

**\* Please support the MCC's effort to raise funds for Charity.**

On Saturday, May 16<sup>th</sup> 2015, the MCC and regular visitors BAC 1<sup>st</sup> X1 are co-ordinating their efforts to raise funds for the charity Motor Neurone Disease Association (MNDA).

Sadly, one of the founders and erstwhile players of the BAC tour and our good friend, Quentin Palmer-Brown has recently been diagnosed with MND and the Club seeks to honour his continued efforts to promote cricket in Biniparrell by raising funds for their charity MNDA.

Over the years, Quentin has kindly helped arrange almost a dozen tours cricket tours to Menorca and has introduced us to a host of colourful characters from the Lloyd's of London Insurance market, who have not only provided us with great competition on the field of play but also contributed mightily to the Club's coffers through their bonhomie and generosity at the bar! And several of them have returned with their own village sides, once again helping to swell our fixtures lists.

Please help us show our great appreciation of Quentin's efforts to promote the MCC and cricket in Menorca by giving generously to his chosen charity, either by downloading one of the **Gift Aid** forms *attached* or by going to the **Just Giving** web page and type in **MCCvsMND**.

Thank you  
David A Sheffield,  
President, Menorca C.C.
